This guide is designed to help you with planning your major in International Studies. It is divided into three sections. The first contains useful announcements regarding registration. The second lists important upcoming events. The third explains the courses available in Spring 2015 that fulfill core requirements for the IS major as well as the individual concentrations.

ANNOUNCEMENTS

Individual Advising

If you would like registration advice, please schedule a meeting with your assigned advisor or Professor Bender. Prior to the meeting:

○ run your PAWS Academic Requirements report,
○ look at the requirements in the Undergraduate Bulletin (http://www.tcnj.edu/~bulletin/current/International_Studies.pdf), and
○ write a draft schedule for the semester.

Consider asking questions about issues beyond the semester, such as study abroad or plans after graduation. For guidance on how to prepare better for your advisement session and plan your academic career, see the “Advising” links on the School of Humanities &Social Sciences website: http://hss.pages.tcnj.edu/advising-resources/

If a course is full or reserved for majors, please ask the instructor if you can have permission to enroll. If you continue to have problems, please contact Professor Bender.

Group Advising

A group advising session will be offered on Wednesday, October 29 from 2-3:30 in Social Sciences 325. You are strongly encouraged to attend, particularly if you are a Freshman or Sophomore. The session will discuss the registration process, strategies for how best to fulfill the requirements of the International Studies major, and suggestions for how and when to set up your study abroad experience. Please contact Professor Bender for more information.

Academic Holds

If you have an advising hold on your PAWS account, please make an appointment with Professor Bender well ahead of your registration date.
A Note about Business Courses

Please take your upper level economics/international business course in the semester immediately after you take ECO 102: Macroeconomics. Since better mathematical skills improve student performance in economics courses, ECO 102 requires one of the following as a prerequisite: MAT 95, 96, 125, 127 or 128.

Study Abroad

The deadline for Fall 2015 study abroad application is **February 25, 2015.**

Please ask early for letters of recommendation. Professor Bender can assist with filling out your Academic Evaluation form – please bring printed descriptions of the course you want to take while abroad.

Languages Across the Curriculum

Many courses on this list can be complimented with Languages Across the Curriculum credit. This is a one-quarter unit independent study whereby those students who have intermediate level proficiency in another language complement work in a course by utilizing their language skills. Students must enroll before the add/drop deadline. Please visit the LAC website at http://internationalstudies.pages.tcnj.edu/student-resources/languages/ or contact Dr. Compte for more information (dcompte@tcnj.edu).

Winter Term Courses

The following courses fulfill various requirements for International Studies majors and are being offered in the upcoming Winter Term.

- HIS 351: Ancient and Medieval Africa (Bender)
- ECO 102: Introduction to Macroeconomics (Samanta)
- AAS 280: Women of African Descent in Global Perspective (Brown-Glaude)

SPRING 2015 COURSES

INTERNATIONAL STUDIES CORE

International Studies Core Courses (for all concentrations)

INT 200: International Studies: Processes, Themes and Issues (two sections)
INT 399: Internship in International Studies
INT 498: Senior seminar: Social Movements (Chartock)

Language requirement (for all concentrations)

You need two 200-level language courses for the major. Additional language courses at
the 200 level or higher can count as electives for the major. Your language studied
should correspond with where you study abroad. Consider adding a minor or double
major in your language.

Study Abroad requirement (for all concentrations)

A minimum of one semester of study abroad is required for the major. Start planning by
deciding which semester or academic year you wish to spend abroad, meeting with your
academic adviser to discuss your options, and by researching the programs offered at
Center for Global Engagement.

Macroeconomics (for all concentrations)

ECO 102: Introduction to Macroeconomics (12 sections available)

Second economics course (for all concentrations)

ECO 210: History of Economic Thought (Naples)
ECO 340: International Economics (Leven)
BUS 360: International Business Law (Monseau)
INB 330: Capital Flows and Currency Crises (Tang, 2 sections)
FIN 340: International Finance (Hume, 2 sections)
MKT 340: Marketing in International Environment (Healy)
MGT 310: Cross-Cultural Management (Lillevik, 2 sections)
